

Rothco Deluxe Navy Low Profile Cap

Show your support for our Navy and all Navy personnel with Rothco's Deluxe Navy Low Profile Cap. The front panel and upper brim feature "Navy" raised embroidery and the sandwich brim and hook and loop closure strap feature woven "Navy" labels as well. In addition, the Navy baseball cap offers superior comfort and durability with the brushed cotton twill construction. Added comfort is also provided with the internal sweatband, as this feature eliminates sweat from going into your eyes. The top of the Navy low pro cap contains six vent holes that will allow heat to escape, which in turn will keep your head cool in hotter climates. One size fits most for the deluxe low profile baseball caps with the adjustable hook and loop closure strap.
