

Rothco Pink Silicone Ring

Rothco's Pink Silicone Ring offers a safe and functional alternative to a traditional metal wedding ring. Rothco's Silicone Rings are ideal for military and law enforcement professionals looking to prevent finger injuries caused by wearing a metal ring. This pink ring is made of a medical grade silicone that is non-conductive, providing maximum protection for any work condition. It also features a thinner profile, 2mm thick and 5.5mm wide, ideal for women or small hands.
